

## **RESEARCH GRANTS IN TOBACCO CONTROL**

Bangladesh Center for Communication Programs (BCCP) has been implementing a Research Grant Program on Tobacco Control Policy since 2013 in collaboration with the Institute for Global Tobacco Control based at the Johns Hopkins Bloomberg School of Public Health, Baltimore, USA and other stakeholders. The purpose of the program is to promote tobacco control policy research in Bangladesh. BCCP is now inviting proposals from postgraduate students and individual researchers for Tobacco Control Policy Research Grant Program 2023. Around 10 grants will be available through this round.

We are seeking research proposals that will generate evidence and will contribute to developing new policies or strengthening existing ones in line with the components of the World Health Organization's MPOWER package.

The proposal shall have to be submitted online along with sending a hard copy of the completed proposal to the following address by no later than at 4:30 p.m. on November 2, 2022 **[extended date: November 10, 2022]**. Please mark the category as "Student" or "Researcher" on top of the envelope. The proposal submission theme and guideline, templates, and online submission link are available at **<https://www.btcn.org/proposalsubmission>**
